Behind the Paywall: The Astrology Industry

An Investigative Look at Online Courses

The spiritual e-learning market is booming, but so are **astrology course scams online**. Consumers frequently wonder, **are expensive astro courses worth it**? A deep dive into **lunar astro course reviews and complaints** reveals a troubling pattern. Many students report being trapped in a **lunar astro deceptive course** where the initial fee is just the beginning. The **hidden costs in online astrology courses** often include paid tiers and proprietary tools. To make matters worse, graduates are handed a **fake astrology certification**, leaving them with meaningless credentials instead of true Jyotish wisdom.
